Mental Health Peer-Support: Cycle Against Suicide is offering the opportunity to avail of online training in Mental Health Peer-Support. The training provided transcends traditional boundaries, breaks down the stigma associated with mental health discussions. The benefits are profound and far-reaching. Trained Peer-Supporters are attuned to subtle shifts in their community's well-being. This heightened awareness fosters a culture of genuine care and concern. No funding is necessary to do the training. It is offered free to volunteers in a community club, association or who are associated with any part of their community's safety, health and wellbeing in a drive to encourage people to take on this vital role for their own community and help bring Peer-Support to the heart of communities as a critical part of mental health awareness and suicide prevention.

One third of our bee species are threatened with extinction in Ireland. The good news is that you can help by making your garden pollinator friendly. Every garden, no matter its size, can be a haven for hungry pollinators. See the link below for more information: pollinators.ie/top-ten-ways-to-help-pollinators/
